<b>Product</b>	25 Pce. 'Go-Through' Socket Set
<b>Part No.</b>	P2025
<b>Barcode</b>	9312753923675
<b>List Price</b>	\$105
<b>Materials</b>	Chrome Vanadium Steel
<b>Features</b>	The New Kincrome Go Through 1/4" Socket Set utilises a unique ratchet and accessory feature, not used in any other Kincrome range. The uniquely designed 'Go Through' head allows the ratchet and accessories to pass through any extra long screws or bolts, making access to otherwise impossible areas easy. Simply fit the 14mm Hex Sockets to the ratchet, or add the quick release adaptor for the standard 1/4" for immediate use. This set offers both traditional 1/4" and optional 'Go Through' accessories. For 'Go Through' use, simply add the any Hex Socket to the ratchet, slide over any bolt or screw requiring fastener removal and begin removing the fastener. The design allows any fastener to be reached, as long as the bolt or screw is accessible through the uniquely designed 'Go Through' head. Made from Chrome Vanadium Steel, this 25 Piece Set is perfect for any trade professional.
