## ProComp2

**NEW!** sawtooth design outer stage for increased surface area.

The only true dual stage dirt bike air filter. Two filters in one. (Not bonded)

Ultra soft seal for improved cage sealing.

## The best just got better!

### Made in Australia for Australian conditions

Unifilter Australia is proud to introduce the 2008 version of its tried and trusted ProComp2 dual-stage air filter.

Involving many years of testing, the on-going development of Unifilter's unique, separate layer, dual-stage filter concept provides improved power and protection but without constricting airflow that results from gluing or laminating the layers of foam together.

In addition, the outer layer of the 2008 ProComp2 now features an innovative 'sawtooth' design foam which increases the filter's surface area for an even greater improvement and airflow!

- \* Designed and manufactured in Australia, for Australia's unique, dusty conditions since the 1970's.
- \* Fully re-usable open cell polyurethane foam.
- \* Improved power.
- \* Improved protection.
- \* For fitment to most motorcycles built from the 1960's.

FILTER TYPE	AIR FLOW	DUST RETENTION	REUSABLE	AUST MADE
Paper	As a base rating	30 µm	No	Some
Oiled Paper	2% more restrictive	18 µm	No	Some
Cotton Gauze*	25% less restrictive	45 µm	Yes	No
<b>Unifilter Foam</b>	<b>24% less restrictive</b>	<b>4 µm</b>	<b>Yes</b>	<b>Yes</b>

\*NOTE - The world's leading manufacturer of cotton gauze filters recommends **oiled foam outers** when used in dusty conditions.

## NEWS

Unifilter Australia would like to congratulate long time sponsored rider/driver and supporter Stephen Gall, Stephen was recently inducted into the ADB dirt bike hall of fame. Stephen's association with Unifilter Australia began in the late 70's and has continued through to the present. Stephen has won many Motorcross titles and Sprintcar titles using Unifilter's. Unifilter Australia has also been involved with Stephen's rider training schools. Many of Australia's top riders have benefited from Stephen's training and knowledge of the sport. Stephen is one of the true legends of Australian motor sport.

For 31 years Unifilter Australia has prided itself in helping young, up and coming riders and drivers realise their dreams of making it to the top of their chosen field.

Unifilter has won more club, state and national motor sport titles than any other air filter manufacturer on the Australian market. From V8 Supercars, Speedway, Rally, Karts, MX, SX, Enduro, Solo Speedway, you name it, Unifilter has won it.

Here are just some of the Who's Who of Australian motor sport who have relied on Unifilter to help deliver them victory.

### CARS

Brock, Lowdnes, Skaife, Seton, Perkins, Richards, Ingall, Johnson, Bowe, Bright, Murphy, Morris, Longhurst, Gardner, Bond, Fury, Bates, Ordinsky and Hederics.

### BIKES

Gall, Dack, Leisk, Reed, Carroll, Hurley, Reardon, Ballard, Plumm, Moss, Grabham, Roberts, Stauffer, Giles, Goddard, Hederics and Holder.

Unifilter has also had many successes internationally in the Dakar, German Touring Car Championship, Asia Pacific Rally Championship, ISDE, Paris to Peking Rally, New Zealand Rally Championship, and London to Sydney marathon, to name just a few.
